

Dear Humans!

Islam has been established by one of the purest of the mankind, more than 1400 years ago.

Now two things remain:

1/ you become human and not to oppress others.

2/ be pure & sublime Muslims, and try by your deeds make the face of Islam bright.

Thus: please free those innocent girls and make them and their parents and your nation and the 7 billion of mankind and Allah happy.

Best regards

Dariush
